www.evs.co.il

I-TEX is an automatic fabric inspection family of systems based on image understanding algorithms that imitate the human visual mechanism. The system detects defects as small as 0.5 mm on fabric widths up to 330 cm and at speeds that reach 300 meters per minute. I-TEX detects diverse spinning, weaving, dyeing, finishing and coating defects on any unicolor fabric. I-TEX adapts to applications and can be positioned in-line as part of a production process or stand alone as a separate inspection unit.

Gateway 95, 8500 Cinder Bed Road
Newington, VA 22122
Ph. 703-541-2623 Fax 703-550-2949
www.metricvision.com

MetricVision's Coherent Laser Radar products can digitize surface data from distances up to 60 m, with an overall system accuracy of better than 100 µm at 10 m.

Metrology Solutions Inc.
1335 Lakeside Drive, Unit 6
Romeoville, IL 60446
Ph. 630-679-0560 Fax 630-679-0573
www.msometrology.com

MSI is the master dealer for SEEMIC and SEEBREZ contact and noncontact video-based measuring systems. Manual to fully automated machines using Metronics true 3-D video/touch-probe software. MSI is an ISO/IEC 17025-certified contract dimensional inspection and calibration laboratory.

Metronor Inc.
2354 Browns Point Blvd. N.E.
Tacoma, WA 98422
Ph. 253-896-3000 Fax 253-660-7993
www.metronor.com

Metronor's portable optical coordinate measurement systems are used for contact and noncontact measuring of large and small volumes, with high accuracy and stability for varying shop-floor environmental conditions, with flexibility for measuring out-of-sight and hard to reach areas. Measuring includes single points (probing), several points simultaneously with LEDs (targets), or up to 1,000,000 points in 250 X 200 mm for CAD comparison or development.

Metroplex Metrology Lab Inc.
2309 E. Loop 820 N.
Fort Worth, TX 76118
Ph. 800-308-6010 Fax 817-589-8311

Full line of Mitutoyo vision systems.

Micro-Metric Inc.
1050 Commercial St., Ste. 102
San Jose, CA 95112
Ph. 800-490-3333 Fax 408-452-8412
www.micro-metric.com

The Integrated Measuring System series of automatic coordinate measuring systems is designed for applications requiring high-accuracy noncontact dimensional measurements. These fully programmable instruments feature flexible user-friendly control software and are used for applications including fiber optic alignment, HDD etch dimensions and critical width and depth measurements on wafers.

Micro-Technic Instruments Inc.
319 Queen Anne Road
Teaneck, NJ 07666
Ph. 800-692-8252 Fax 201-692-7941

Afocal optics enhance our machine vision system to preclude the need for subjective focusing and achieve repeatable, accurate measurements.

Optical Gaging Products Inc.

Precision for People

Corporate Overview

Optical Gaging Products Inc. designs and produces metrology systems that use video, laser and touch probe technologies to measure critical dimensions of manufactured parts. Products include video measuring systems, multisensor measuring systems, optical comparators and laser profile scanners. OGP systems are used around the world, as they have been for more than 50 years, satisfying measurement needs in diverse industries, in companies large and small. Along the way, many OGP innovations have become industry standards relied upon by major manufacturers.

OGP systems provide solutions in the automotive, aerospace, ceramics, clinical, electronics, semiconductor, plastics, medical and metalworking industries.

OGP is a vertically integrated company. We know the requirements of coordinate metrology, and we design and manufacture the mechanics, electronics, optics and software used in our measurement systems to ensure they meet or exceed those requirements. By controlling critical core technologies, we assure you optimal performance of every component and system we produce. You can have confidence in OGP and our products.

OGP provides precision for people. That means precision measurements for the users of our systems. This leads to precision manufactured components, which go into your precision products, giving them the quality your customers expect.

OGP is a Quality Vision International company.
