**RENISHAW**  
apply innovation™

**HIGHEST  
QUALITY**

**QUICK  
TURNAROUND**

**PICK TWO**

When you need quality fast,  
choose genuine Renishaw Stylis

Experience makes the difference. Renishaw manufactures stylis that meet the highest standards so you can meet the highest expectations of your customers.

We have manufactured over 3 million stylis in a range of shapes, sizes and materials. Stylus extensions and shafts crafted from carbon fiber, titanium, ceramic or tungsten carbide are fitted with balls made of ruby, silicon nitride and zirconia oxide to meet and exceed

AFBMA 3290 Grade 5 standards.

Renishaw can put all that quality and precision to work for you...fast. Choose from over 2000 stylis or call us for something unique. For custom products we'll process your RFQ in 24 hours and can often ship within 72—we now have manufacturing right here in the US.

If your requirements include quality and quick turnaround, pick Genuine Renishaw stylis.

Apply innovation™.

# PPAP Manual Revised

## **Production Part Approval Process (PPAP), Fourth Edition Manual**

Available on March 1, 2006, the newly revised manual, developed by DaimlerChrysler, Ford Motor Company and General Motors, aligns PPAP with the Automotive Process Approach and updates the requirements for production part approval.

### **PPAP Rollout Workshops**

Be among the first to receive a copy and learn about the Fourth Edition PPAP manual. Presented by the representatives of the Supplier Quality Requirements Task Force from DaimlerChrysler, Ford Motor Company and General Motors, these workshops will provide an overview of the requirements and the changes that impact you most. In addition, each OEM representative will review Customer Specific requirements for PPAP.

# BLIND LEADING THE BLIND.

How effective are your Training and Document Management Systems?

TMSWeb requires minimal IT support and is a completely web-based training and document management system addressing some of the most costly processes surrounding regulatory and compliance issues.

- TRAINING MANAGEMENT
- DOCUMENT MANAGEMENT
- TESTING/QUIZZING
- CORRECTIVE ACTION
- PART 11 COMPLIANT
- CHANGE CONTROL
- INTERNAL AUDITING

Stop feeling your way around and give your employees the tools to succeed.

## Hazardous Substances Process Management (HSPM) Electronic Component Management Plans (ECMP) Component and Product Approval Systems (C&PAS)

Achieve international registration & recognition through these organizations and the IEC-IECQ System

The International Electrotechnical Commission Quality Assessment System for Electronic Components (IECQ), established in 1982, provides the only comprehensive, world-wide approval and certification program (ELA/ECCB-954) that assesses electronic components and production processes according to Hazardous Substance Free requirements. IECQ certification ensures national and international recognition for enterprises that are involved with electronic components and related products and processes, and that effectively execute hazardous substance process management (HSPM).

### Established as a one of a kind resource

IECQ provides the strongest assurance that electronic components, related materials and processes, as well as HSPM and Avionics Electronic Component Management Plans meet the conformity requirements of a buyer-seller specification.

Supplier's declaration of conformity, under IECQ supervision, is an essential element of IECQ
