

2009 Registrar Buyers Guide

Welcome to *Quality Digest's* 2009 Registrar Buyers Guide. This handy resource includes more than 50 listings of companies that provide registration and auditing services on several standards, from the ubiquitous ISO 9001 for the overall management of quality management systems to any number of sector-specifics.

Included in each description, you'll find the company name, location, phone and fax number, web site, and abbreviations representing the standards for which each company provides registration services. A key defining these abbreviations is included below.

Be sure to check this buyers guide online at www.qualitydigest.com/content/buyer-guides for additional information on these companies.

As with all of our directories, this guide is intended as a starting point to help readers choose the right partner for their standard-registration requirements. *Quality Digest* hasn't evaluated, nor do we endorse, any of the companies listed in this directory. Good luck in your search for the right registrar to suit your organization's specific needs.
