

2008 Registrar Directory

Welcome to *Quality Digest's* 2008 Registrar Directory. This directory includes more than 60 registrars' names, addresses, phone and fax numbers, web addresses, and—for those companies that supplied one—a listing of supported standards.

More information, including registration service descriptions and the regions served, is provided online at http://qualitydigest.com/QDB/html/bg_search_form.lasso, or go to our home page and click on "Buyers Guides."

Only those companies that responded to our requests for information have been included in this directory. As with all *Quality Digest* guides, the 2008 Registrar Directory is in no way meant to endorse or exclude any particular organization. Rather, it's meant to be used as a starting point in the data-gathering process. Readers are encouraged to contact the companies directly for more information and to ask for—and check—references.

Good luck in your search for the right registrar partner.
